Eagle Transfer Purchases New Fleet of Vehicles

Eagle Transfer has solidified its role as a leader and innovator in Commercial Relocations by augmenting its fleet of vehicles to serve its clients. The addition of eight International 2100 vehicles provides Eagle Transfer's clients with the most environmentally sound, safest, and secure transport for their valuable inventory.

Eagle's Move Tip Of The Week

Eagle Transfer has spearheaded the usage of a Pre-Move Coordination Meeting to provide an organization's key team

members with a game plan of their roles and responsibilities.

Organizations that choose to accept this service find a greater sense of partnership and a more effective relocation.
